General Certification Workshop

Workshop participants learn how to confidently apply the Life Styles Inventory[™] (LSI) and its derivative instruments, Leadership Work*Styles*[™] (LWS), as well as the group behaviour assessment Group Styles Inventory[™] (GSI).

Impact Certification Workshop

Leadership/Impact[™] and Management/ Impact[™] are sophisticated psychometric assessments that effectively link leadership styles and organizational culture.

These "lynch pin" products allow consultants and coaches to take the next step in individual development.

Culture Certification Workshop

Human Synergistics' Organizational Culture Inventory[™] (OCI) and its sister product, the Organizational Effectiveness Inventory[™] (OEI) are two of the most accurate and sophisticated cultural assessments in the world. Becoming confident in using these tools and interpreting the information they provide are an essential skill for any internal or external consultant.
